GPT recognises that encouraging workplace diversity is not just the socially responsible course of action but is also a source of competitive advantage for the group. To drive sustainable change and foster greater diversity, GPT embarked on the implementation of a diversity strategy focusing on developing, progressing and retaining female employees, this program has comprised a range of initiatives which today are business as usual at GPT. GPT acknowledges that females are underrepresented in senior leadership roles and as members of Boards across Australia. The Group is committed to improving gender diversity throughout the business with a particular focus on what can be achieved to improve the number of females in senior leadership roles with a target of 50% by the end of 2018.

Gender equality indicator 2: Gender composition of governing bodies

2 Your organisation, or organisations you are reporting on, will have a governing body/board as defined in the Workplace Gender Equality Act 2012 (Act). (In the Act, a governing body is defined as “the board of directors, trustees, committee of management, council or other governing authority of the employer”.) For the purposes of reporting under the Act, this question relates to the ultimate or ‘highest’ governing body for your organisation. NB: if your governing body/board is located overseas, it still needs to be included.

- For private or publicly listed companies, you will have one or more directors or a board of directors.
- For trusts, the trustee is the governing body/board.
- For partnerships, the governing body/board is likely to comprise all or some (if elected) partners.
- For organisations whose governing body/board is the same as their parent entity’s governing body/board, it is still deemed to have a governing body/board.
- For religious structures, you may have a canonical advisor, bishop or archbishop.
- For other structures that do not fall into any of the above categories, your committee of management would be considered your governing body/board.

2.1 Please complete the table below, ensuring data entered is based on the instructions in each column header. For each organisation, enter the number of women and men on that governing body/board (not percentage). If a target has been set to increase the representation of women on any of the governing bodies listed, please indicate the % target and the year it is to be reached.

If your organisation's governing body/board is the same as your parent entity's governing body/board, you will need to enter your organisation's name but the details of your parent entity's governing body/board in the table below.

	Organisation name	Gender and NUMBER of chairperson/s (NOT percentage)		Gender and NUMBER of other governing body/board members (NOT percentage)		% target for representation of women on each governing body/board (enter 0 if no target has been set, or enter a % between 1-100)	Year to be reached (in YYYY format; if no target has been set, leave blank)

1. PROPERTY MALE CHAMPIONS OF CHANGE

GPT participates in The Property Male Champions of Change (PMCC), a collaborative initiative. Founded in 2015 by the Property Council of Australia, the PMCC's purpose is to step up beside women and take action to increase women's representation in leadership positions in our organisation and across the property industry. GPT has been a foundation member of the PMCC and through our CEO, Bob Johnston, is today leading one of six the Action Plans 'Mainstreaming Flexibility'. Key activities of these working groups through 2015 have included:

- Focus group sessions with senior male and female leaders from across the organisation to deepen our understanding of the barriers we must tackle to address the unacceptably low levels of women in leadership positions;
- Analysing the responses of 3800+ employees who participated in a survey to accurately map the pathways to property and the enablers and barriers to a career in property;
- Synthesis of PMCC organisations' Flexibility Policies to establish a policy benchmark;
- Creation and implementation of an employee pulse survey on flexible work practices which gathered feedback from 1,000+ employees across 16 PMCC organisations ; and
- Hosting Implementation Leaders at a Boardroom Lunch with guest speaker Troy Roderick (Head of Diversity & Inclusion, Telstra).

Being a member of the PMCC requires GPT to have the courage to take bold and disruptive action to create a strong and sustainable pipeline of women for senior roles, as well as developing the conditions and culture in our business that will enable both men and women to succeed. As part of this, GPT committed to the Panel Pledge - to insist on gender balance of event programs we sponsor or at which our employees are requested to speak. The PMCC's hold themselves to account by reviewing their progress, as well as reporting publicly on their actions and results.
