# GUIDE TO YOUR 2020 TAX STATEMENT

This guide has been prepared to assist you in the preparation of your income tax return for the year ended 30 June 2020 (the “2020 year”). You should use the information contained in this Tax Statement to complete your tax return and not the information contained in Distribution Advices.

## A: Notes to the Tax Statement

### 1. Australian assessable income

This component comprises interest and other assessable income that must be included in your tax return at Label 13U (non-primary production income).

### 2. Non-assessable amount (AMIT Cost base Net Decrease Amount)

This component of the distribution is not assessable to you as income and is not required to be included in your tax return.

You are required to decrease the Capital Gains Tax (“CGT”) cost base of your units in the Trust by your share of the distributions paid to you that have not been included in your assessable income. For the current year, the amount by which the CGT cost base of your units should decrease by is shown at this item on your Tax Statement.

Once the sum of all distribution amounts which are not assessable to you in respect of your Trust units (in aggregate) exceeds your CGT cost base in those units, a capital gain will arise in respect of the excess amount. This capital gain may qualify for the CGT 50% discount concession if you have owned your units for at least 12 months.

### 3. Interest Withholding Tax and Non-resident Withholding Tax

These amounts represent non-resident withholding tax under the Managed Investment Trust regime and non-resident interest withholding tax that has been withheld from your distributions.

### 4. TFN and ABN withholding tax

Amounts have been withheld because a Tax File Number (TFN) or Australian Business Number (ABN) has not been provided. These amounts may be claimed as a refund or a credit by investors on lodgement of their Australian tax return in certain cases.

## B: Preparing your 2020 Income Tax Return for Individuals using the Tax Statement

### *If you are using myTax:*

If the distribution information with respect to your GPT Securities has been pre-filled by the ATO, check that the pre-filled information in respect of your GPT Securities matches the Tax Statement detail. ### *If you are lodging a paper tax return:*

To assist in completing your income tax return, a Tax Extract is produced below which shows the distribution components from the Trust which should be included at the relevant items and labels of the Tax Return for Individuals (Supplementary Section). The Tax Statement should be used in conjunction with the 2020 Tax Return for Individuals, 2020 Tax Return for Individuals (Supplementary Section) and their accompanying instructions and ATO reference materials.
