81 & 91 George Street and 51 Flinders Lane are held for development, so are excluded from the operating portfolio. The 51 Flinders Lane development has been verified at Green Star Design Review stage to be on track to deliver Climate Active Carbon Neutral (Products & Services: Upfront Carbon Buildings) certification upon completion. It will operate on a carbon neutral basis once operational and will be certified when eligible. 750 Collins Street is under the operational control of the tenant, so is excluded from the operating portfolio.

1. Represents NABERS Energy without GreenPower. NABERS Energy with GreenPower ratings are being retired by NABERS in 2023.
2. Timing of NABERS Indoor Environment ratings delivery has been shifted to 2H 2023 causing a discontinuity in ratings which will be rectified by Dec 23.
3. Climate Active carbon neutral (for Buildings) certification for Australia Square Tower includes the Retail component.
4. Darling Park 1 & 2 and Cockle Bay comprises three buildings, each with Climate Active carbon neutral (for Buildings) certification. Cockle Bay NABERS ratings are not reported as it is a retail food & beverage precinct.
